

## New sponsor contract

We are happy to announce that our sponsor TMI decided to extend their sponsorship for 2011 and 2012. This helped us to do some really good maintenance on our surfboats. So unfortunately we will not be able to blame the equipment this year!

## Great River Race

Jeroen, Johan, Marcel, Marjits, Nienke and Sieger participated in the Londen Great River Race in September of last year. This 21 miles or 33 km long race up the River Thames was really good. Crowds were cheering along the complete distance and the view on the city of London from the water was spectacular. The race will be held in two weeks on the 17th of September and is highly recommended by Surboat Holland.

## The Aussies and The Rescue 2012

Marcel and Sieger visited the Aussies, the Australian surf lifesaving championships last year. Nice to see tenths if not hundreds of surfboats laying on the beach for a change. The idea of being part of this felt so good that both Dutch male crews, the Amsterdam Mongrols and Dutch Courage are seriously considering competing in the 2012 Rescue Live Saving World Championships.

## UK Summer Series

The Dutch crew the Amsterdam Mongrols attended in Round 2 of the UKSRL Summer Series. This event was - as some of you know - moved to Instow beach in Torridge River due to 2m+ storm surfs! But they managed to make a few superb surfs on the following day. The Amsterdam Mongrols came in second, but had a training week 3 weeks prior to the ERSF Championships, so be prepared!
